# MEDICATION TRAINING

---

## ABOUT THE TRAINING

Training is focused on NDIS Support Workers working with NDIS participants, leading to NDIS Provider compliance with NDIS Standards.

On completion of training Service Providers can have confidence their Support Workers can deliver medication safely to Participants. On completion of the training, course participants will undertake an assessment to deem competency.

Delivered by a TA Qualified AHPRA registered Paramedic.

## WHATS COVERED

- Medication preparations & routes of administration
- Routes of administration
- 7 Rights of administration
- Documentation
- Incidents & reporting
- Responding to medication incidents
- Storage

During the training, participants are encouraged to ask questions relating to real life NDIS scenarios.

## PRICING

Cost is \$99 per person

Delivery is via Teams or In person on site (at an additional cost).

On completion of training and assessment, Participants will be issued a statement of attainment.

Duration 2 hours in total.
